Mr. Xiadong Wang

09th January 2014

Written Reminder regarding the FX deal input amounting US \$ 823.000

Dear Mr. Wang,

yesterday afternoon you informed Senior Management that due to your data input mistake of US \$ 82.300.000 instead of US \$ 823.000 and due to your late processing of the deal ticket to your colleagues for countercheck you caused a loss of US \$ 40.507,08 to our bank.

After the examination of your enclosed written report we express our deep dissatisfaction about your serious wrongdoing which caused the aforementioned loss and evidenced that you did not careful handle the data input and the processing of the deal according to the best banking practice and according to the existing working guidelines.

We demand from you that you pay full concentration to all deal details by inputting them into our system and process them immediately to your colleagues for cross check. If such a mistake is repeated we are forced to take strong personnel measures against you.

with kind regards

China Construction Bank Corporation
Niederlassung Frankfurt am Main
Senior Management
